

ATORN®**Workshop trolley****Design**

- 6 drawers height 80 mm
- 1 drawer height 165 mm
- Robust sheet steel construction
- Solvent-resistant plastic worktop with 2 integrated storage compartments
- Drawers with roller guides
- **Drawers with full extension 100%**
- Internal dimensions of drawers (W x D) = 527 x 348 mm
- Load capacity 20 kg per drawer
- Total trolley capacity 300 kg
- Individual locking elements prevent unintentional opening of drawers
- **All drawers can be used for OPT-I-STORE hard foam inlays (art. no. 59604-59692)**
- Individual fastening possibilities thanks to rectangular hole grid on the side walls, e.g. with hooks for tools or other add-on parts such as can holder, document holder, suspended boxes, waste basket, etc. (art. no. 81725 103-105)
- Inserted side walls protect the additionally attached add-on parts from damage, since these are suspended within the trolley dimensions

- Central locking with cylinder lock secures all drawers, incl. 2 articulated wrenches
- Plastic-coated metal sliding handle attached directly to frame
- Wheeled by 2 ball bearing-mounted fixed castors and 2 steering rollers Ø 100 mm, with locking brake
- Powder-coated surface: Body RAL 7035 light grey, drawers RAL 5010 gentian blue
- **Delivery includes 1 separating plate per drawer** (additional separating plates art. no. 81725 106-107)

OPT-I-STORE hard foam inlays**Design**

- Two-tone support frame made of polyethylene (PE)
 - Lightweight, durable, water resistant, oil resistant
 - With shock-absorbing properties
 - Colour black/blue
- The hard foam is durable, odour-free and suitable for use with foodstuffs.

Applications

For clearly arranged, easily organised and protected storage of tools in drawers.

- ✱ 11 hexagon inserts with energy profile
Sizes 10 / 13 / 16 / 17 / 18 / 19 / 22 / 24 / 27 / 30 / 32 mm
- ✱ 6 inserts for hexagon socket screws
Sizes 6 / 8 / 10 / 12 / 14 / 17 mm
- 1 reversible ratchet
- 1 handle with sliding piece
- 1 cardan joint
- 2 extensions 125/250 mm

**Design**

- Robust sheet steel construction
- 5 drawers height 75 mm, 2 drawers height 160 mm
- Total load carrying capacity of the trolley 440 kg

Colour:

- Body RAL 7016
- Drawers RAL 9006

2-step locking concept:

- Central locking, lockable by cylinder lock with articulated wrenches
- Individual locking prevents unintentional opening of drawers

Robust and sophisticated technology:

- Stable steering handle for maximum traction, firmly mounted on the cabinet
- Edge protection corners at the top and bottom of all four sides
- Solvent-resistant plastic worktop (resistant to oil, brake fluid, Skydrol) with compartments for small parts and labelling field (e.g. individual personalization for mechanics)
- Edging prevents parts from falling

Drawer guide:

- Suitable for all ATORN OPT-I-STORE hard foam inserts art. no. 59604-59692
- All drawers feature smooth, ball bearing-mounted telescopic rails
- Drawer 100% full extension
- Internal dimensions of drawers (WxD) 527x348 mm
- Load capacity 25 kg per drawer

Various additional mounting options:

- Individual fastening possibilities thanks to rectangular hole grid on the side walls, for example, can holder, paper role holder, waste basket etc.
- Side wall inserts protect the attached add-on parts against damage, as they are attached within the carriage dimensions

High-quality chassis:

- High-quality, large, heavy-duty ball bearing rollers (Ø 125 mm) ensure simple movement even with dynamic load
- All wheels have thread guards (protect the bearings from dirt and threads)

Made in Germany**OPT-I-STORE hard foam inlays****Design**

- Two-tone support frame made of polyethylene (PE)
- Lightweight, durable, water-resistant, oil-resistant
- With shock-absorbing properties
- Colour black/blue
- The hard foam is durable, odour-free and suitable for use with foodstuffs

Applications

For clear, easy organisation and protected storage of tools in the drawers.

- 1 universal knife blade width 18 mm,
- 1 LED rubber light 175 mm,
- 1 multi-purpose scissors 190 mm.
- 1 handle with 1/4 inch mounting
- 1 Bit holder

Info

OPT-I-STORE hard foam inlays art. no. 59604-59692

ATORN®**Design**

The PE foam is lightweight yet resilient. The material is also water-repellent and oil-resistant, and has shock-absorbing properties.

The hard foam is durable, odour-free and suitable for use with foodstuffs.

In order to be able to store electronic parts, the foam is also available in an ESD version, with the property non-conductive.

Applications

For clearly arranged, easily organised and protected storage of tools in drawers.

The drawers of the ATORN workshop trolley (art. no. 81725 101-102 + 122), can optionally be equipped with
- two 1/2 OPT-I-STORE hard foam inlays (260 x 345) or
- one 2/2 OPT-I-STORE hard foam inlay (520 x 345).
